TAS

Delivering Solutions

COMPANY PROFILE

We assured you our best service around the globe

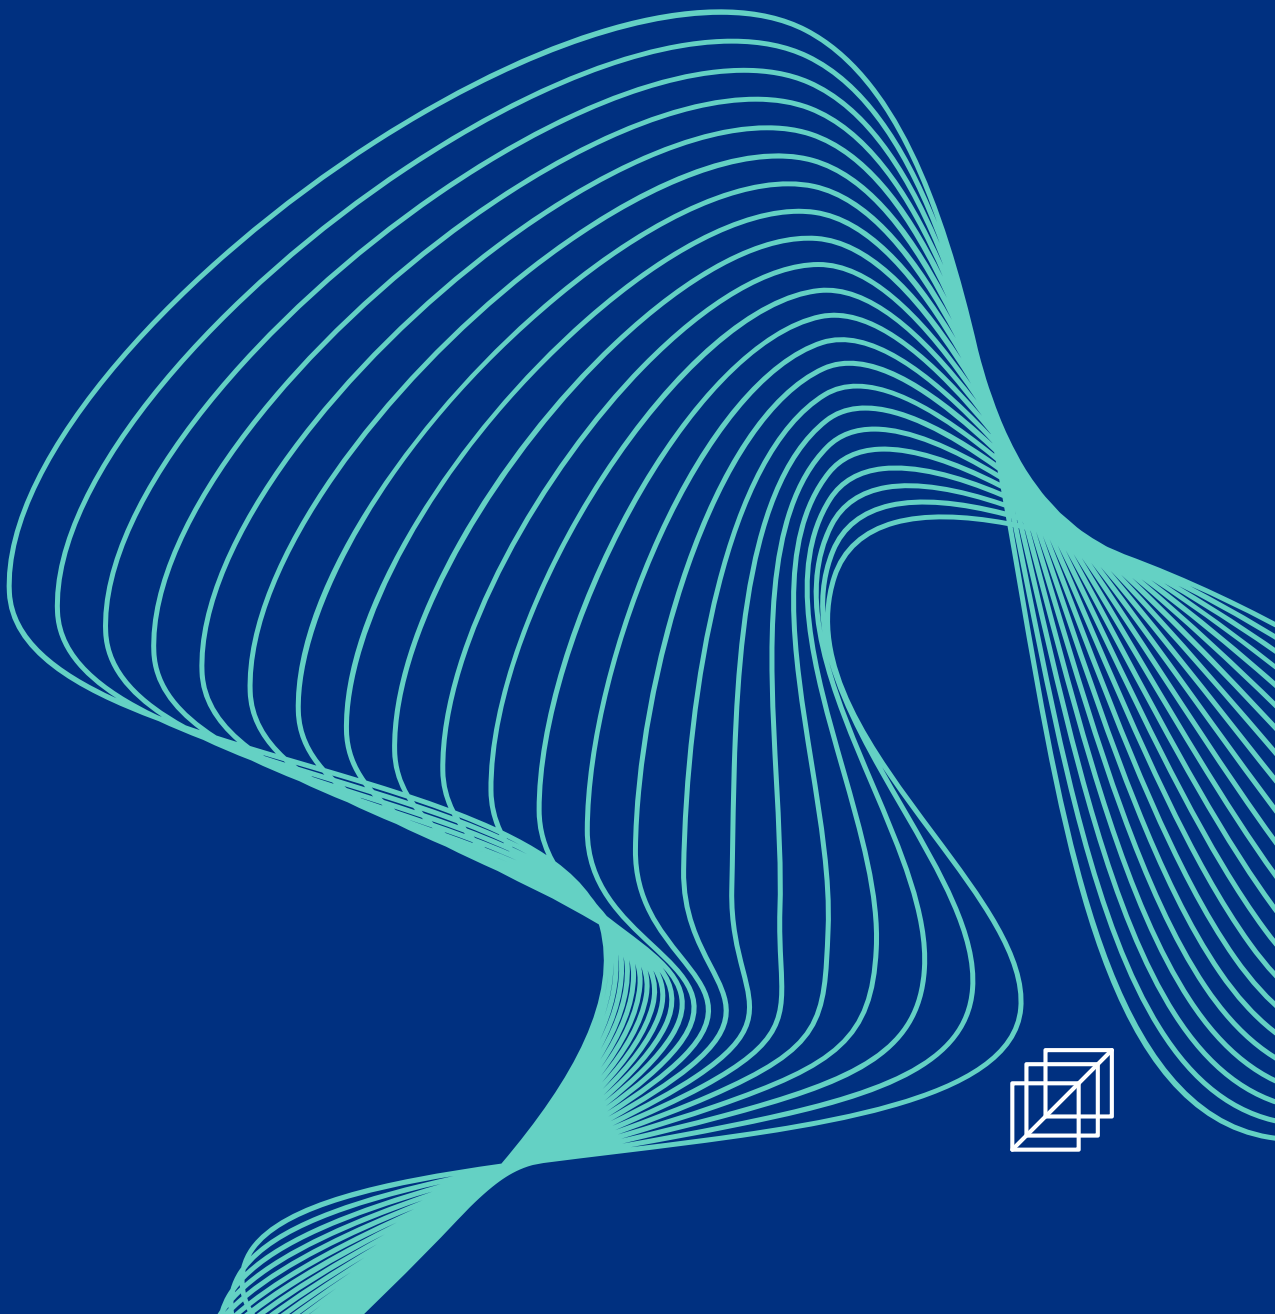

TAS

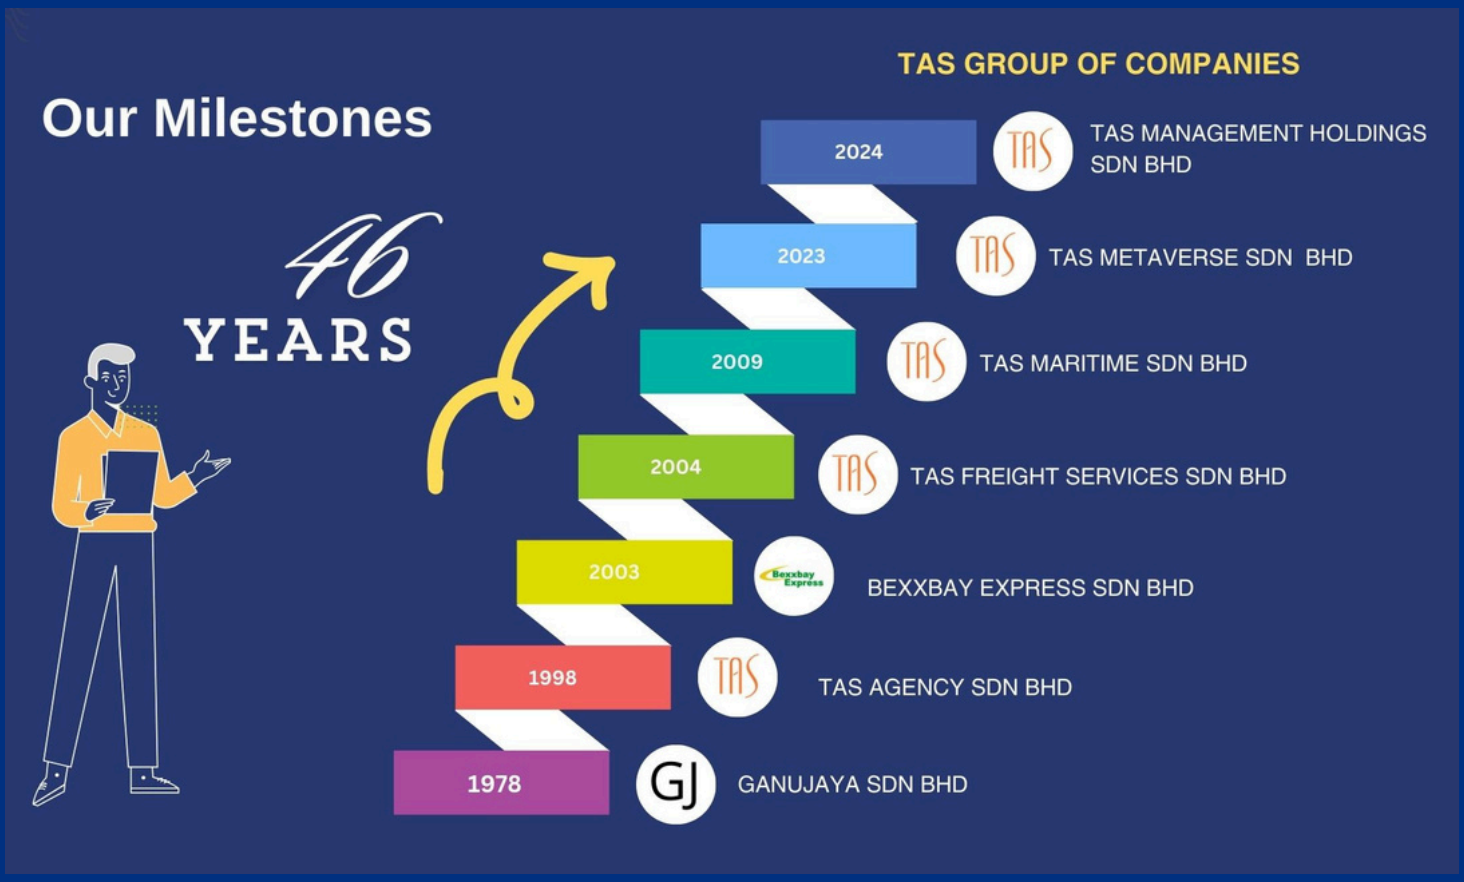

Delivering Solutions

The line between disorder and order lies in logistics

- Sun Tzu

ABOUT US

TAS Group of Companies origin traced back to 1978 with the establishment of our first licensed stevedoring company, Ganu Jaya dedicated to supply skilled labour for port operations in Penang. In 1998, we expanded our endeavors with the founding of TAS Agency in Butterworth in Penang as a licensed custom and shipping agent providing logistic services tailored exclusively to local small and medium industries.

Demonstrating a commitment to excellence, our dedicated team has significantly expanded our operational footprint, reaching prominent locations in Port Klang, KLIA, Langkawi, and Singapore. Over the course of two decades, TAS has transformed into a comprehensive logistics provider that transcended domestic boundaries, now serving a diverse clientele on a global scale.

Multimodal Transport Operator (MTO) registered with MOF

TAS is a registered Bumiputera contractor with the Ministry of Finance (MOF) and a recognised Multimodal Transport Operator (MTO) company. In this capacity, TAS is authorised to manage and coordinate cargo shipments on behalf of government agencies and departments. In addition, TAS is among the select few operators licensed as a cargo and stevedore company by the Penang Port Commission (PPC).

TAS's commitment to industry standards is evident from the growth in compliance, capability capacity to meet the diverse needs of clients. This unwavering commitment not only enhances credibility and trustworthiness with customers, partners, and stakeholders but also solidifies its position as a reliable and reputable player in the logistics industry locally and worldwide.

CORPORATE STRUCTURE

TAS GROUP OF COMPANIES

Spearheaded by TAS Management Holdings Sdn Bhd, each subsidiary within the group specialises in a distinct logistics domain, ensuring expertise and efficiency across all facets of the operations.

This strategic approach allows each entity to focus on its core competencies, resulting in streamlined processes, enhanced service quality, and ultimately, provide greater value for our clients.

TAS

Delivering Solutions

OUR VISION

"Our vision is to pioneer sustainable logistics, setting the standard for excellence in customer satisfaction and environmental responsibility, delivering world-class solutions."

OUR MISSION

“Our mission is to deliver world-class logistics solutions to our customers, dedicated to fulfilling their needs by offering a full spectrum of integrated services. We prioritise environmental responsibility and customer satisfaction, striving for continuous improvement and innovation to minimise our carbon footprint and contribute to a greener future.”

MEET OUR MANAGEMENT TEAM

TAS
Delivering Solutions

Muhammad Syukri Ibrahim

GROUP CHAIRMAN

Muhammad Syukri is the Group Chairman of the Company, bringing extensive leadership experience in corporate governance, stakeholder engagement, and public-sector advisory roles. He graduated from Universiti Sains Malaysia with a major in Political Science. With a strong foundation in governance, strategic coordination, and senior-level communications, he provides oversight and direction to support sustainable growth, disciplined execution, and trusted partnerships across the logistics value chain.

Shareef Sagubar

FOUNDER/ GROUP PRESIDENT

As the founder and a third-generation pioneer in domestic shipping, Shareef continues his family's legacy with over 30 years of hands-on experience in shipping and logistics. He brings deep operational insight across key functions, including fleet and route optimisation, port and terminal coordination, customer service excellence, and end-to-end supply chain execution. Known for a disciplined, customer-first approach, he focuses on strengthening service reliability, raising performance standards, and building long-term partnerships that deliver measurable value. Under his leadership, the Company remains committed to continuous improvement, innovation, and sustainable growth within the logistics industry.

Mohd Zafry Bin Mohd Yunus

GROUP VICE PRESIDENT
STRATEGIC BUSINESS DEVELOPMENT

Mohd Zafry holds a Degree in Economics and has strong experience in banking, business development, and management. He began his career as a Document Analyst in the banking sector before founding and managing a private company across multiple industries, including cross-border IT security collaborations and government-linked venture initiatives. In the logistics business, he supports the top management team by identifying new opportunities and managing ongoing projects with a cost-effective, high-value approach that strengthens execution, service delivery, and commercial outcomes.

MEET OUR MANAGEMENT TEAM

TAS
Delivering Solutions

Benedict Bay PJM

GROUP CHIEF EXECUTIVE OFFICER

As a Chartered Member of the Chartered Institute of Logistics and Transport, UK (CMILT) and an MBA holder in Supply Chain Management, Benedict brings over 25 years of valuable experience in the shipping and logistics industry. He has led TAS Group since its inception, providing strategic direction and operational leadership across core functions including service reliability, cost optimisation, customer solutions, and end-to-end supply chain execution. With a strong focus on performance discipline and continuous improvement, he drives the Group to meet and exceed industry standards, strengthen long-term partnerships, and deliver consistent value in a dynamic and highly competitive logistics environment.

Adrian Ooi

CHIEF OPERATING OFFICER

Adrian, with over 30 years of combined experience in air and sea freight operations, employs strategic leadership to optimize logistics operations and enhance customer satisfaction. He drives continuous improvement initiatives, ensuring our company exceeds customer expectations in the ever-evolving logistics industry.

Fauzi Yacob

CHIEF BUSINESS DEVELOPMENT OFFICER (GOVERNMENT - MTO)

With over 30 years of experience in the logistics industry, Fauzi is specialising in government contracts. His expertise lies in handling project cargo and delivering special equipment for commissioning, showcasing his deep knowledge of shipping operations. He excels in building trust through robust customer relationships, meeting stringent customer requirements. His dedication to excellence and strategic foresight ensure long-term growth and success in complex and high-stakes environments.

Davindran @ David

CHIEF TRANSPORTATION OFFICER

David is a seasoned professional with over 30 years of experience in the trucking and transportation services industry. Throughout his extensive career, he has demonstrated exceptional expertise in logistics management, fleet operations, and strategic planning. David has a proven track record of optimizing supply chain processes, enhancing operational efficiency, and fostering strong client relationships.

Barathi

CHIEF FINANCIAL OFFICER

As CFO, Barathi prioritises customer-centric financial strategies in logistics. She aligns financial decisions with customer needs, optimizing resources to enhance efficiency and maximize value for our clients. Through her leadership, we ensure a seamless integration of financial management and customer satisfaction, driving our company towards sustained growth and success.

Selvee

CHIEF HR & ADMIN OFFICER

Miss Selvee is a seasoned and accomplished Chief Human Resource Officer with over three decades of comprehensive experience spanning various industries. With a profound understanding of organisational dynamics and a proven track record of strategic leadership, she adeptly navigates the complexities of human capital management, fostering environments conducive to employee engagement, development, and retention.

Arman Shahrique

CHIEF TECHNOLOGY OFFICER

Arman, holding a Bachelor of Science (Honours) in Computing, is a data analytics expert who not only enhances logistics and supply chain management through advanced technologies but also prioritises customer satisfaction. By focusing on efficiency, cost reduction, and customer-centric strategies, he leads our company in innovation, service excellence, and business growth initiatives.

CONVENTIONAL CARGO SERVICES

We offer comprehensive conventional cargo services tailored to meet the diverse needs of our clients. Our expertise in handling general cargo ensures that your goods are transported safely and efficiently. We provide specialized packaging solutions, including custom crates, pallets, and jumbo bags, designed to protect your cargo during transit.

Our skilled workers operates heavy equipment, such as cranes and forklifts, enabling seamless loading and unloading of various cargo types. Additionally, our experienced team meticulously plans and coordinates each shipment, ensuring timely delivery and strict adherence to port lead times and regulations.

BULK CARGO SERVICES

Our bulk cargo services are expertly designed to efficiently manage the transportation of large quantities of unpackaged goods, ensuring the safe and timely delivery of commodities such as sugar, corn, grain, coal, and clinker. Utilising specialised bulk carriers, we offer robust solutions tailored to the specific requirements of each type of bulk cargo. Our specialised handling equipment, including grabs, cranes, and shovels, facilitates the seamless loading and unloading of bulk materials, minimising turnaround times and optimising operational efficiency.

Additionally, we provide comprehensive logistics support, encompassing bulk storage, inventory management, and coordination with port authorities to ensure a streamlined supply chain process. Safety and environmental stewardship are at the core of our bulk cargo services. We implement rigorous safety protocols and employ state-of-the-art monitoring systems to safeguard the integrity of the cargo and the environment. Our unwavering commitment to excellence and customer satisfaction drives us to deliver superior service in every shipment.

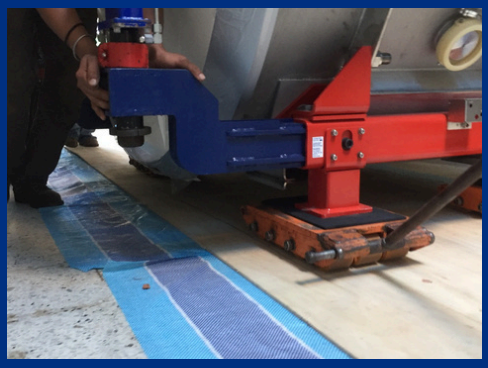

PROJECT CARGO SERVICES

Our project cargo services are tailored to manage the complex transportation needs of oversized, heavy, and high-value equipment and materials. We offer end-to-end solutions, including detailed planning, route surveys, and risk assessments to ensure the safe and efficient delivery of your project cargo.

Utilizing specialised lifting and transport equipment, our skilled team handles the meticulous loading, securing, and unloading of cargo, coordinating closely with port authorities and other stakeholders to navigate logistical challenges. With a focus on precision, safety, and timely delivery, our project cargo services are designed to support large-scale industrial projects, infrastructure developments, and energy sector requirements, ensuring seamless integration into your supply chain.
